Electronic Funds Transfer
Your Rights and Responsibilities
From
Security First Bank
5505 Red Rock Lane
Lincoln, NE 68516

Indicated below are types of Electronic Fund Transfers we are capable of handling, some of which may apply to your account. Please read this disclosure carefully because it tells you your rights and obligations for the transactions listed. You should keep this notice for future reference.

Electronic Check Conversion - types of transfers - You may authorize a merchant or other payee to make a one-time electronic payment from your checking account using information from your check to:
- Pay for purchases.
- Pay bills.

Some businesses use a procedure to convert checks that are drawn on your account with us into electronic debits. The business passes your check through a machine that captures the account routing number, check amount and other relevant information and then returns your check to you. An electronic debit for the transaction amount is then sent to us. When we receive the electronic debit, we charge it to your account immediately after the business enters the transaction, so to avoid an overdraft you must have sufficient funds in your account to cover the amount of the check at the time you authorize the transaction. Since the check is not sent to us for processing, we do not have a copy of your check. You should retain the check for your records. These electronic debits are listed on your account statement.

Electronic Return Check Charge - You may authorize a merchant or other payee to initiate an electronic funds transfer to collect a charge in the event a check is returned for insufficient funds.

Preauthorized Payments
Right to stop payment and procedure for doing so - If you have told us in advance to make regular payments out of your account, you can stop any of these payments. Here's how:

Call us at (877) 747-3139, or write us at Security First Bank, 1540 Samco Rd, Ste. B, Rapid City, SD 57702, in time for us to receive your request 3 business days or more before the payment is scheduled to be made. If you call, we may also require you to put your request in writing and get it to us within 14 days after you call. We will charge you $32 for each stop-payment order you give.

Notice of varying amounts - If these regular payments vary in amount, the person you are going to pay will tell you 10 days before each payment when it will be made and how much it will be. You may choose instead to get this notice only when the payment would differ by more than a certain amount from the previous payment or when the amount would fall outside certain limits that you set.

Liability for failure to stop payment of preauthorized transfer - If you order us to stop one of these payments 3 business days or more before the transfer is scheduled, and we do not do so, we will be liable for your losses or damages.

Financial Institution's Liability
If we do not complete a transfer to or from your account on time or in the correct amount according to our agreement with you, we will be liable for your losses or damages. However, there are some exceptions. We will not be liable, for instance:

1) If, through no fault of ours, you do not have enough money in your account to make the transfer.
2) If the transfer would go over the credit limit on your overdraft line.
3) If the automated teller machine where you are making the transfer does not have enough cash.
4) If the terminal or system was not working properly and you knew about the breakdown when you started the transfer.
5) If circumstances beyond our control (such as fire or flood) prevent the transfer, despite reasonable precautions that we have taken.
6) There may be other exceptions stated in our agreement with you.

Confidentiality
We will disclose information to third parties about your account or the transfers you make:

1) Where it is necessary for completing transfers, or
2) In order to verify the existence and condition of your account for a third party, such as a credit bureau or merchant, or
3) In order to comply with government agencies or court orders, or
4) As described in our privacy policy disclosure, provided separately, or
5) If you give us your written permission.

Unauthorized Transfer
Consumer Liability - (1) Generally, tell us AT ONCE if you believe your card and/or code has been lost or stolen or if you believe that an electronic fund transfer has been made without your permission using information from your check. Telephoning is the best way of keeping your possible losses down. You could lose all the money in your account (plus your maximum overdraft line of credit). If you tell us within two business days after you learn of the loss or theft of your card and/or code, you can lose no more than $50 if someone used your card and/or code without your permission.

- If you do NOT tell us within two business days after you learn of the loss of your card and/or code, and we can prove we could have stopped someone from using your card and/or code without your permission if you had told us, you could lose as much as $500.
• Also, if your statement shows transfers that you did not make, including those made by card, code or other means, tell us at once. If you do not tell us within 60 days after the statement was mailed to you, you may not get back any money you lost after the 60 days if we can prove that we could have stopped someone from taking the money if you had told us in time.
• If a good reason (such as a long trip or a hospital stay) kept you from telling us, we will extend the time period.

(2) Additional limit of liability for MasterCard® Debit Card. You will not be liable for any unauthorized transactions using your MasterCard debit card, when used for point-of-sale transactions, if: (i) you can demonstrate that you have exercised reasonable care in safeguarding your card from the risk of loss or theft, (ii) you have not reported to us two or more incidents of unauthorized use within the prior twelve-month period, and (iii) your account is in good standing. If any of these conditions are not met, your liability is the lesser of $50 or the amount of money, property, labor, or services obtained by the unauthorized use before notification to us. "Unauthorized use" means the use of your debit card by a person, other than you, who does not have actual, implied, or apparent authority for such use, and from which you receive no benefit. This additional limit on liability does not apply to ATM transactions or to transactions using your Personal Identification Number which are not processed by MasterCard. MasterCard is a registered trademark of MasterCard International Incorporated.
